- Underlying EBITDA for the first quarter of 2017 was GBP 30.3 (28.5) million.
- Profit before tax for the first quarter of 2017 amounted to GBP 18.2 (22.5) million. This includes M&A costs of GBP 0.6 million related to the proposed acquisition of 32Red and non-cash items of GBP 3.9 million as shown in the income statement.
- Profit after tax for the first quarter of 2017 amounted to GBP 16.3 (20.0) million.
- Earnings per share for the first quarter of 2017 were GBP 0.072 (0.087).
- Number of active customers during the quarter was 1,232,915 (1,007,365).

"Despite strong comparatives, new all-time high in active customers and Gross winnings revenue."

"Despite a low sports betting margin over the first quarter of 2017 (6.0 per cent after free bets), Gross winnings revenue grew by 25 per cent to GBP 153.2 million (+ 12 per cent in constant currencies). Active customers reached an all-time high this quarter at over 1.2 million customers, proving our ability to acquire and retain customers. Sports betting turnover increased by 32 per cent and reached an all-time high at GBP 1.1 billion, which equated to a growth of around 19 per cent in constant currencies."

"In line with the fundamentals of our growth strategy, we have continued to invest heavily in marketing for both new customer acquisition and reactivation of existing customers. While this may reduce profits in the short term, we are confident that, as we have previously proven, this will drive sustained growth in Gross winnings revenue and profits. For the quarter, marketing was 29 per cent of Gross winnings revenue; however, for the full year we still expect it to average a few percentage points below 30 per cent."

"Our cash offer for the UK operator 32Red will, from the second quarter of 2017, instantaneously increase both revenue and profit from the very significant UK market. This acquisition will supplement our current strong organic growth and will significantly increase the Group's overall growth in the future, especially during the first twelve months. The acquisition will also bring new expertise into the Group and offer both immediate and future opportunities for both revenue and cost synergies."

"In the first quarter of 2017, 34 per cent of the Group's Gross winnings revenue came from locally regulated markets. Gross winnings revenue from the mobile channel grew by 53 per cent and accounted for 73 per cent of total Gross winnings revenue in the first quarter."

"In the period up to 23 April 2017, average daily Gross winnings revenue in GBP was 24 per cent higher compared to the same period in 2016. Adjusting for the impact of exchange rate changes, the growth was 17 per cent," says Henrik Tjärnström, CEO of Kindred Group.

Significant events after the period end

No significant events after the period end.

Acquisition of 32Red

The boards of Kindred Group and 32Red have reached an agreement on the terms of a recommended cash offer pursuant to which Kindred Group will acquire the entire issued and to be issued share capital of 32Red. The Offer values 32Red at GBP 175.6m. 32Red is listed on the AIM market of the London Stock Exchange. The cash consideration payable under the offer will be funded by a new credit facility agreement of up to GBP 178 million, specifically for the purposes of this transaction. Completion of the transaction is subject to certain conditions including customary regulatory approvals by the relevant gambling authorities.

This transaction is consistent with Kindred's multi-brand strategy and will further enhance Kindred's position in the fast growing online casino market in the UK valued at GBP 2.6 billion by UK Gambling Commission for the full year 2016.

Swedish Inquiry on Gambling

The Inquiry proposes a Swedish gambling licensing system with a betting duty of 18 per cent on Gross Gaming Revenue and operators getting the opportunity to obtain licenses to provide all products. The Inquiry sets a target of (at least) 90 per cent of Swedish customers choosing to play with online gambling companies within the Swedish licensing system (a process known as channelisation). High channelisation makes the system trustworthy and enables the Swedish regulatory authorities to ensure games offered in Sweden take place in a safe and secure environment.

The Inquiry also proposes comprehensive responsible gaming measures such as compulsory registration of players, a national self-exclusion register, mandatory spending budget and Player Behavioural Tracking.

The Group offered 42,039 live betting events in the first quarter of 2017 and streamed 9,801 events on desktop and mobile devices.

The majority of the Kindred Group's business is largely determined by the seasons for key sports such as the major football leagues in Europe, major golf and tennis tournaments, ice hockey leagues in the Nordic countries and North America and sports and racing in Australia. The seasonality of these events results in fluctuations in the Group's quarterly performance, especially in terms of the amounts staked. However, quarterly results can also vary widely, due to the volatility of Gross winnings margins in sports betting. Please also refer to page 5 for more information about the margin.
