The majority of the Kindred Group's business is determined by the seasons for key sports such as the major football leagues in Europe, major golf and tennis tournaments, ice hockey leagues in the Nordic countries and North America and sports and racing in Australia. The seasonality of these events results in fluctuations in the Group's quarterly performance, especially in terms of the amounts staked. However, quarterly results can also vary widely, due to the volatility of Gross winnings margins in sports betting. Please also refer to page 5 for more information about the margin.

Casino & Games

Bingo

The Kindred Group's bingo product offers several different game types, including big jackpots and a wide range of mini games. The past quarter's focus has been on refining the bingo schedule, introducing a new bingo variant, raising the level of guaranteed prizes and adding more mini games to the offering. Since the introduction of the new bingo product in 2015, the Kindred Group has continuously taken market share and re-energized online bingo.

- the explanatory notes to the condensed consolidated interim financial statements.

The condensed consolidated interim financial statements included in the Interim report January – September 2017 have been prepared in accordance with International Accounting Standard 34, 'Interim Financial Reporting', as adopted by the European Union and the requirements of NASDAQ Stockholm.

What a review of condensed consolidated financial statements involves

We conducted our review in accordance with International Standard on Review Engagements (UK and Ireland) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Auditing Practices Board for use in the United Kingdom. A review of interim financial information consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures.

A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing (UK) and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We have read the other information contained in the Interim report for the nine months ended 30 September 2017 and considered whether it contains any apparent misstatements or material inconsistencies with the information in the condensed consolidated interim financial statements.

Notes to the condensed financial statements

1: General information

Kindred Group plc ('the Company') and its subsidiaries (together, 'the Group') is an online gambling business with over 20.7 million registered customers worldwide as at 30 September 2017 and is one of the largest publicly quoted online gambling operators in the European market.

The Company is a limited liability company incorporated and domiciled in Malta. The Group's most significant subsidiaries can be found in Malta, the United Kingdom, Sweden, France, Italy, Gibraltar and Australia.

The Company is only listed on the NASDAQ Stockholm.

This condensed consolidated interim financial information was approved for issue on 27 October 2017.

2: Basis of preparation

This condensed interim financial information for the nine-month period ended 30 September 2017 has been prepared in accordance with IAS 34, 'Interim financial reporting'. The interim condensed financial report should be read in conjunction with the annual financial statements (Annual Report) for the year ended 31 December 2016.

The next annual financial statements will be prepared in accordance with IFRS as adopted by the European Union and drawn up to the year ending 31 December 2017.

Following the acquisition of 32Red the Group's borrowings increased significantly, however the Directors consider the Group to be a going concern as it is performing strongly and has sufficient funds to repay these borrowings as they fall due.

3: Significant accounting policies

The same accounting policies, presentation and methods of computation are followed in these consolidated interim financial statements as were applied in the preparation of the Group's consolidated financial statements for the vear ended 31 December 2016, except for:

• Taxes on income in the interim periods are accrued using the tax rate that would be applicable to expected total annual earnings, in line with IAS 12.

IFRS 13 requires management to identify a three-level hierarchy of financial assets and liabilities at fair value. The financial assets at fair value are immaterial and financial liabilities at fair value have been measured using inputs based on unobservable market data (defined as level three by IFRS 13). The financial liabilities at fair value through profit and loss consist of deferred income relating to unsettled bets at balance sheet date. The fair value amount of the deferred income as at 30 September 2017 and 31 December 2016 is reported in the consolidated balance sheet on page 12. A reasonable change in assumptions would not give rise to a material change in value.

There are no new International Financial Reporting Standards or Interpretations implemented during the period that had a material effect on these consolidated interim financial statements.

For detail of accounting standards that have been issued but are not yet effective and have not been early adopted by the Group, please refer to page 65 of the Annual Report for the year ended 31 December 2016.

4: Items affecting comparability

The Group defines items affecting comparability as those items which, by their size or nature in relation to both the Group and individual segments, should be separately disclosed in order to give a full understanding of the Group's underlying financial performance, and aid comparability of the Group's results between periods.

Items affecting comparability include, to the extent they are material, merger and acquisition transaction costs, management incentive costs relating to acquisitions, amortisation of acquired intangible assets, and foreign currency losses on operating items.

GBP 'm	Nine months ended 30-Sep-17	Nine months ended 30-Sep-16	Full Year 2016
M&A costs	-3.2	-	-
Management incentive costs relating to acquisitions	-0.8	-2.6	-3.0
Accelerated amortisation of acquired intangible assets	-3.1	-	-

Foreign currency loss on operating items	-1.1	-1.7	-0.6
Total	-16.1	-9.8	-11.8

Merger and acquisition costs are one-off costs associated with the acquisition of 32Red.

Management incentive costs relating to acquisitions refer to costs in connection with the acquisitions of iGame and Stan James Online in 2015.

Amortisation of acquired intangible assets is the charge on IFRS 3 Business combination acquired assets over the useful economic life of the asset, and is included as part of the Group's total amortisation charge.

As a result of the rationalisation of its brands, the Kindred Group has taken a non-recurring, non-cash amortisation charge of GBP 3.1 million for the nine months ended 30 September 2017 to write down the value of the discontinued brands. These fair value adjustments will have no impact on free cash flow or the dividend payment capacity of Kindred Group plc.

12: Contingent liabilities

Currently the Group has not provided for potential claims arising from the promotion of gaming activities in certain jurisdictions. Further details can be found in the General Legal Environment section of the 2016 Annual Report, on pages 43 and 44.

13: Business combinations

On 6 June 2017, the Kindred Group acquired 100 per cent of the issued share capital of 32Red Group plc and its subsidiaries ("32Red"), a specialist online gambling operator incorporated in Gibraltar, for a cash consideration of GBP 175.6 million. The results of 32Red have been consolidated since this date.

The transaction is consistent with the Kindred group's multi-brand strategy and will further enhance the Group's position in the fast-growing online casino market in the UK.

In line with relevant accounting standards, the figures outlined below are considered provisional.

The net assets of 32Red at the date of acquisition were GBP 78.1 million and, accordingly, goodwill of GBP 97.5 million has been recognised on the Kindred Group's balance sheet.

Since the acquisition date 32Red has contributed GBP 23.3 million of Gross winnings revenue and GBP 4.9 million of underlying EBITDA.
